

Performance Under Pressure

The Best Aerosol Cans for High-Pressure Applications

- Doing short production runs?
- Require cans in a variety of sizes & dome/step options?
- Like innovative designs, such as the HV400 bottom?
- Need attractive multi-colored cans in a variety of basecoat colors, or 8-color labels?
- Want to deal with an ISO-certified supplier?

With Sexton, you can have it all. For a partner that specializes in delivering customized solutions under pressure, get to know us.
